Education

Belgium Campus ITiversity

Jan 2022 - Dec 2024

Bachelor of Information Technology in Software Development

Graduated Magna Cum Laude

Work Experience

Sharp Software Solutions

Apr 2025 - Present

Fullstack Developer

Pretoria, Gauteng, ZA

- ▶ Deliver fullstack and frontend development across trading, logistics, and fleet management clients
- ▶ Contributing to a from-scratch rewrite of a trading platform from Vue to a native desktop app, built with Avalonia, C#, and XAML
- ▶ Designed and maintain a CLI tool built on Claude Code hooks to ease a team-wide handover problem
- ▶ Contributing to Sharp Software Solutions' marketing site and SEO strategy, driving the company's first organic lead pipeline after years of relying solely on word of mouth
